

Re: Multi Client Tender Projects

The National Petroleum Institute (INP) invites interested companies to submit Tender Proposals (T1 to T7) for several new seismic and potential field data multi client projects offshore and onshore Mozambique. As follows:

- T1 2D Seismic Mozambique Offshore Regional Tie Program - > 4,000 line km
- T2 2D Seismic Rovuma to Zambezi Program (Area A) > 7,500 line km
- T3 2D Seismic Zambezi to South Africa Program (Area B) > 5,000 line km
- T4 2D Seismic Data Acquisition Onshore Mozambique Basin
- T5 Gravity and Magnetic Program – Maniamba (Area GM1)
- T6 Gravity and Magnetic Program – South Mozambique (Area GM2)
- T7 Gravity and Magnetic Program – Other Company Nominated Area

See attached maps for Tender Areas

Tender guideline documents are available from INP as follows:

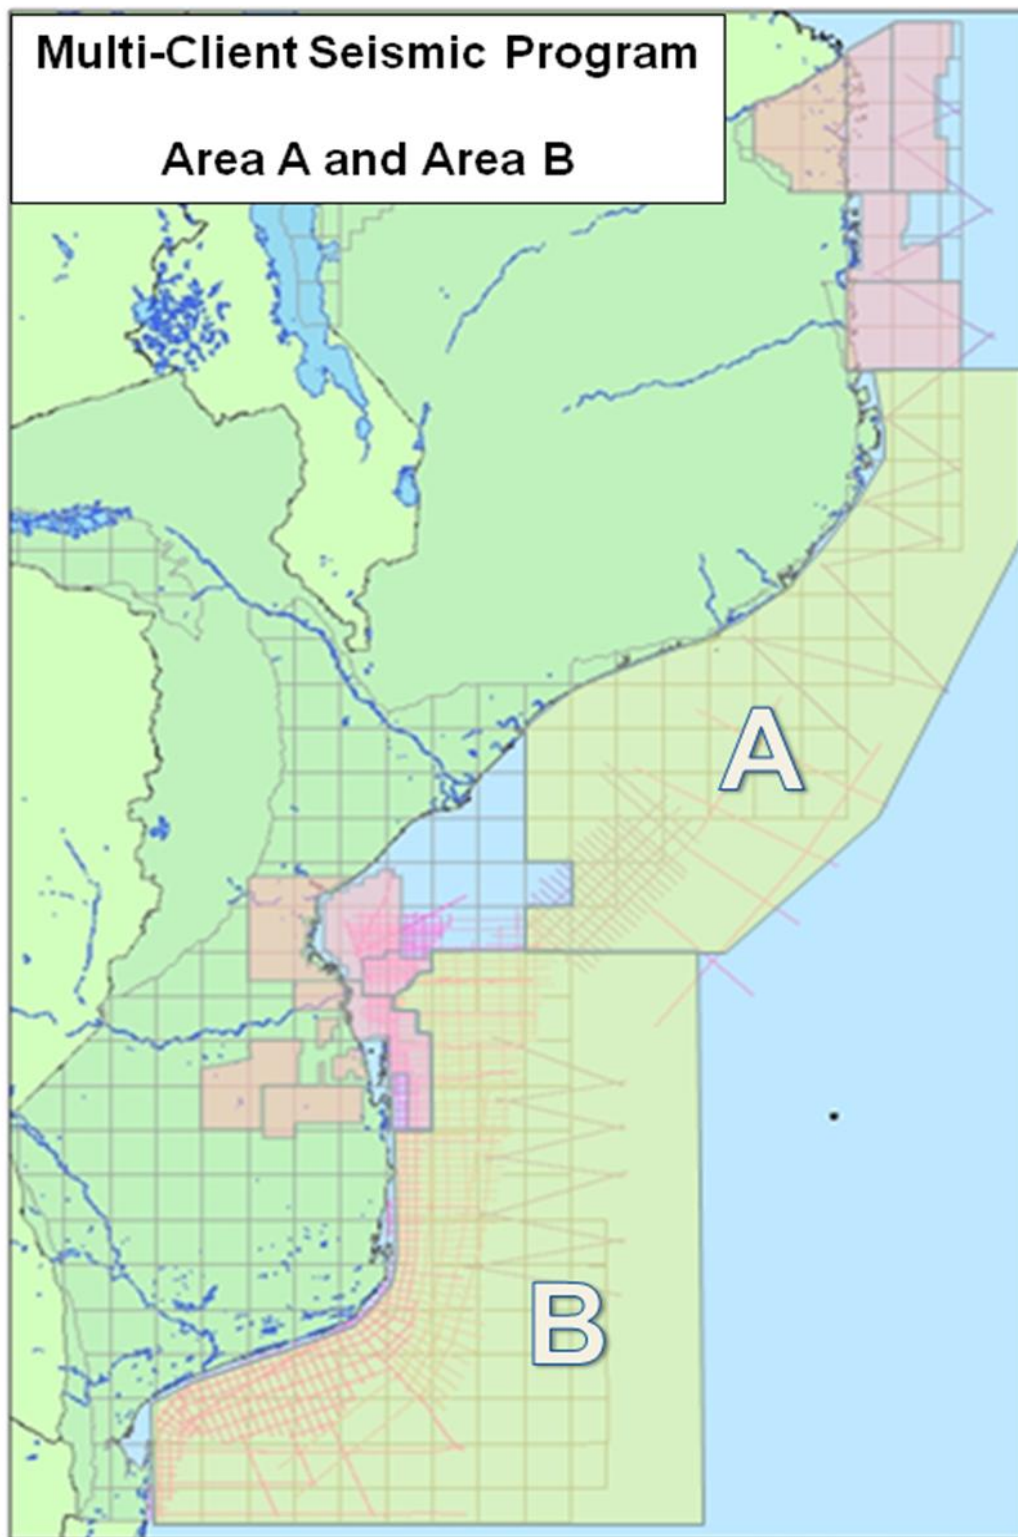

- | | | |
|--------------------|---------------------|----------|
| • Tenders T1 to T4 | 2D Seismic MC | \$10,000 |
| • Tenders T5 to T7 | Gravity Magnetic MC | \$ 5,000 |

A copy of the receipt for purchase of the Tender Documents from INP must also be provided with the Tender submission.

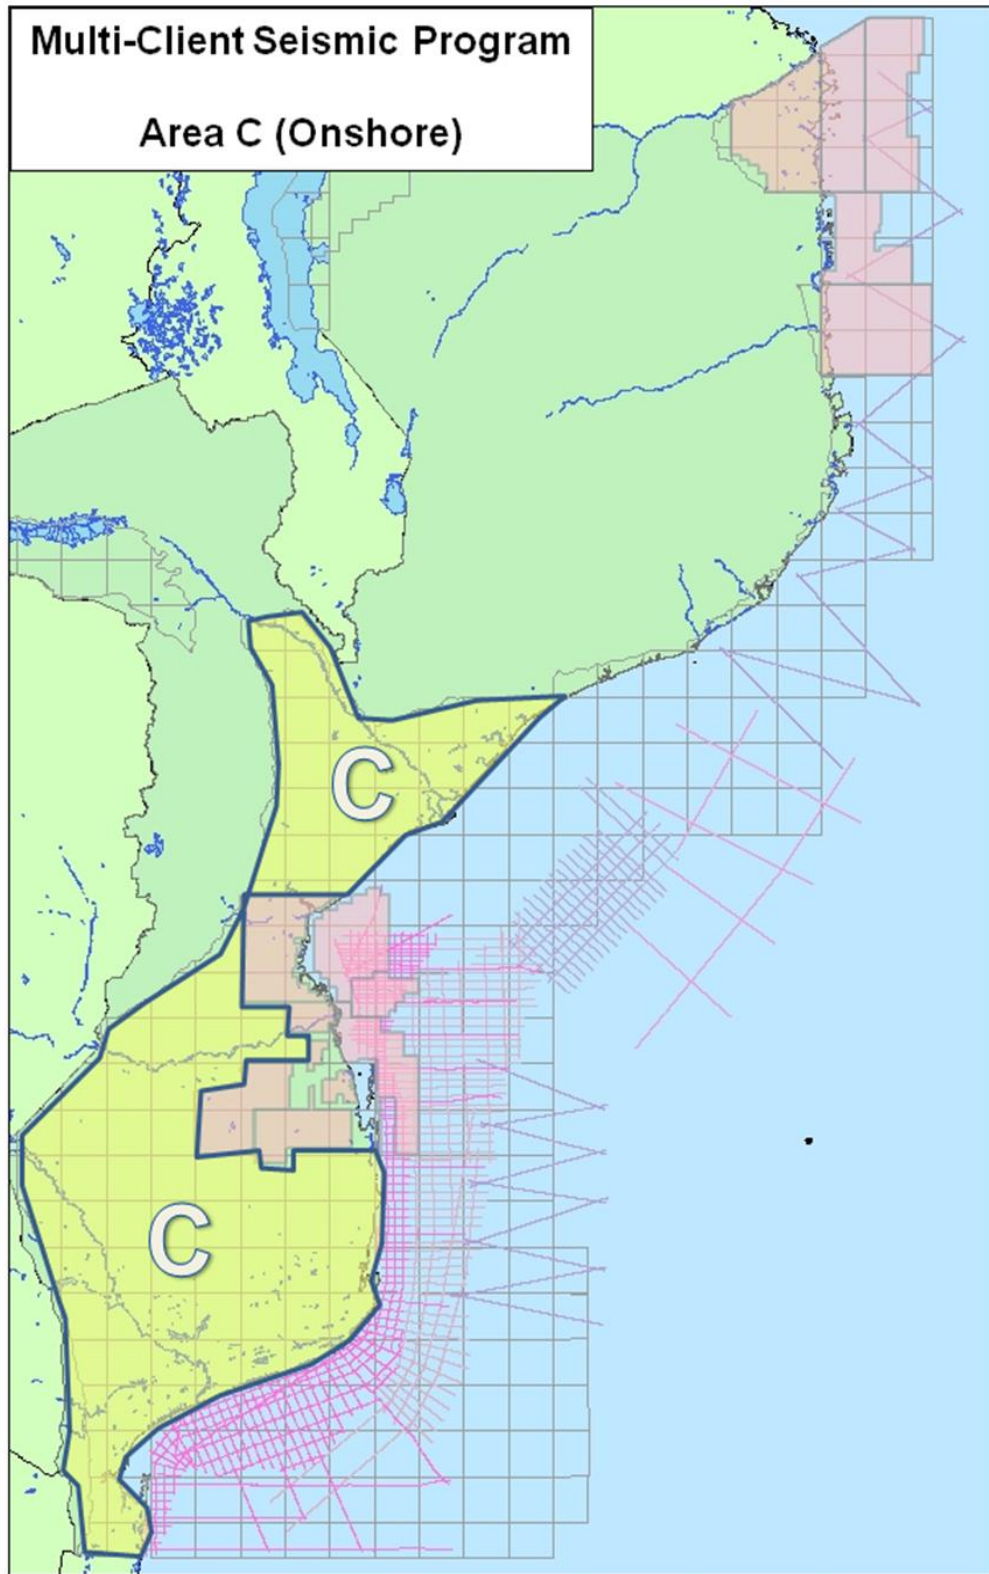

Should you need further clarification regarding the process please contact INP.
